Pershore Riverside Centre is here to support the whole community. Our vision is for local young people to have the confidence, motivation and skills to improve their lives, focusing on those who need it most. We work to achieve this vision by providing a calm space, away from school and home, where they have time to think and talk about options with their peer group and professionals. We also create opportunities and partnerships with local colleges and companies to inform, inspire and encourage the youngsters to look to their futures.

"Dear Youth Workers, Since I have been coming here I have built a bond with all of you and I'm glad I can talk to you all if I need to, so thank you all for everything you guys do. We all love you! Don't stop what you do." - Youth club member

"Good youth work helps young people to have fun, while quietly supporting them to face their personal challenges and to be the best they can be." - Liz Tucker, Chair of Trustees

Who we are & What we do

Pershore's Riverside Centre has a small, dedicated team of staff, regular volunteers and 12 trustees. Abi, our Centre Manager manages room bookings, finance and everything else that keeps us working effectively. Brad, our Lead Youth Worker is qualified with a BA in Youth & Community. Brad is supported in the sessions by Terri our lead SEND youth worker, and a team of trained youth workers. All staff, youth workers and visiting healthcare professionals are DBS checked and work within safeguarding protocols. Everyone involved in the youth work is aware of the issues faced by some of Pershore's young people and is passionate about engaging with, supporting and motivating them to find a way through any concerns – while having fun and eating pasta!
